Dear Dr. Schmiesing and the Board,

I, Eric Dwenger, am requesting one deduct day for December 5. My girlfriend, Georgia, is having surgery in Arkansas, and I would like to be available should she need anything as she does not have any family in the United States. I will be using two personal days for December 3 & 4. I wish to save one personal day for a day in May to attend Georgia's graduation.

Thank you so much,

Eric Dwenger
