

Dear Dr. Ken Schmiesing:

October 18, 2022

Celina City Schools

I am happy and excited but a part of me is sad that I am giving you this notice of my intention of retiring on December 31, 2022. I have worked thirty-one years in the Celina school system and made a lot of friendships through the years. I have worked with every age group in the system and loved working with the students. I have worked with different administrators and loved working with every one of them. I have loved being a part of a system that cares about the students. Thank you for sharing an environment that makes you feel as a team working together for the Betterment of the students. I am going to miss seeing all the students going through but I feel my age is telling me to slow down and enjoy relaxing and being with my grandchild as she is growing fast. I will stop by and visit in the future.

Sincerely,

Pamela S. Carr
