Re: Holly Street Vacation Plat Proposal

Dear Mr. Metz:

Access Engineering Solutions, LLC appreciates the opportunity to submit our proposal for the Holly Street Vacation Plat for the Celina 7-12 School Project. The project will consist of creating a Plat to vacate Holly Street, which is located between the existing High School and Primary School. The plat is to be reviewed and approved by the City of Celina and Mercer County. Approval is being sought now with the street vacation to occur prior to commencement of the school construction. Easements are to be created, as necessary, for the existing utilities to remain. The plat and easements will be recorded.

TOTAL FEE: \$4,700

We look forward to hearing from you regarding consideration of our proposal. Should you have any questions or require additional information, please contact our office at (419) 586-1430 x101.

Sincerely,

ACCESS ENGINEERING SOLUTIONS, LLC
