Mr. Steiner,

Last spring I emailed you about taking time to go with my children on their Florida band trip from March 27th - April 2nd. You approved the trip that I could take all 3 of my personal days and then take deduct days for the other days. Now since we have to make-up on the 2nd, I just wanted to make sure that taking another deduct day for April 2nd would be okay? We will be on a bus heading back from Florida, so there is not much I can do about it but take a deduct day.

Thanks for allowing this trip to begin with. I really appreciate it!
