As of today, I am resigning my position of CMS Musical Director at this point in our production of Elf Jr. I have discussed this with my cast and explained how we would postpone the performances until next year.

I am also resigning my position of CHS Spring Musical Director for the 2022 -2023 school year. However, I will be assisting the new director in our production of Cinderella this April. These resignations are due to a medical issue I will be dealing with.

Thank you so much for your understanding in this matter.
